

I-NA314Ue

2.5"/ 3.5" SATA Hard Drive Docking Station w/ two ports USB Hub

Overview

The I-NA314Ue series is an intelligent Plug-and-Play high speed USB 2.0+eSATA with two USB HUB portable docking station to connect USB devices such as USB keyboard, USB mouse, USB enclosure and USB thumb drive. It gives you the flexibility of connecting any SATA I/II H.D.D to your PC or laptop through USB 2.0 or eSATA interface without opening up your computer case or installing into an enclosure. Simply insert any 2.5" or 3.5" SATA I/II hard drive into the I-NA314Ue docking station and you are ready to transfer, copy, or backup your multimedia and data files.

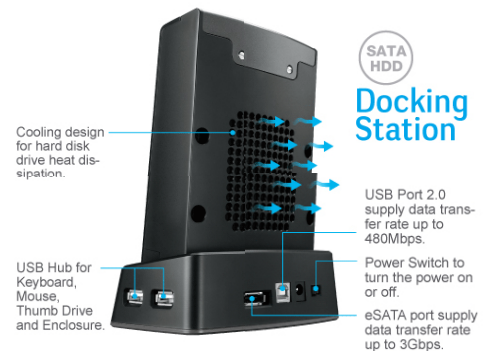

Features

- Without casing provides excellent silent cooling
- USB2.0 Transfer rate up to 480Mb/s
- Fully compatible with 2.5" or 3.5" SATA I/II Hard Disk Drives
- Truly Plug and Play and Hot Swappable
- Extra Adapter for power supply to ensure hard disk drive works without black outs
- Attractive Blue LED illuminated light indicates power activity

Hard Disk Drive Protection

The cover of hard disk drive is designed to prevent dust and liquid splashes on the hard disk drive. This cover is easy to pull up and connect with the station.
